

We aim to coordinate your overall care versus just treating your symptoms. We provide personalized care for patients with multiple or long-term needs. Your SCHC care team works beside you to support your healthcare management.

We partner with other agencies to make the following additional services available and convenient:

- Sunshine Transit
- Mobile Mammography
- Physical Therapy
- Optometry
- Cardiology
- Orthopedic Care
- Pharmacy Services
- Women, Infants and Children
- Veterans Administration Support

Our Mission

Sunshine Community Health Center is committed to accessible, proactive, quality health care, promoting community wellness through outreach and education.

The team you need.
Your Patient-Centered Medical Home

Care Management Services

Sunshine Community Health Center is working to improve the delivery of healthcare in key areas: your experience of care, improved health and reduced cost. Care Management is just one of the tools used to reach these goals.

Goal of Care Management

Teamwork!

The main goal of care management is to assist patients in reaching their highest level of health.

To boost efficiency in coordinating your care, reduce hospital visits and help you take an active role in your care, reduce hospital visits and help you take an active role in directing your healthcare.

Benefits:

- ✓ Improved healthcare results
- ✓ Reduced use of high-cost emergency medical services
- ✓ More productive primary care and/or preventive care visits
- ✓ Fewer duplicate tests and procedures
- ✓ Higher overall satisfaction with the delivery of your healthcare
