

MEDICATIONS AND YOUR COPAY

Medications Dispensed

Medications dispensed from Sunshine Community Health Center cannot be charged to *most* insurance plans because we are considered a dispensary and not a pharmacy.

Please understand that if you choose to ask your healthcare provider to prescribe and dispense your medication from our clinics, there may be a fee associated with this service due at check-out. If you would prefer that medication costs be billed to your insurance company, please ask your provider to forward the prescription to your preferred pharmacy.
